### What's New

#### NEW: Harmer Linearis

Harmer Linearis Channel Drainage and Linearis Shower Gullies meet the demands of modern showers and wet rooms and are suited to concrete and timber floor applications.

#### NEW: Harmer Kessel Rainwater Management Systems

Harmer Kessel Rainwater Management systems offer economic and sustainable solutions to the re-use of rainwater for non-drinking applications.

Easy-to-use pumping systems, high impact manhole covers and fully recyclable polyethylene tanks.
